Profile

Full-stack developer who is curious and committed, with over 4 years of experience building web and mobile applications. I work across both front-end and back-end, with strong command of REST APIs. I enjoy designing robust, clean, and scalable solutions while staying attentive to business needs and overall application quality.

Education

Bachelor's Degree (Licence Pro) in Systems and Network Development and Administration

Sept. 2024 – Jul. 2025

 [Higher School of Technology](#) -  CASABLANCA

Specialized Technician Diploma in Software Development.

Sept. 2019 – Jul. 2021

 [Specialized Institute of Applied Technology Mohamed El-Fassi](#) -  ERRACHIDIA

High School Diploma, Physics & Chemistry Track

Jul. 2019

 [Hassan II High School, Tinejdad](#) -  ERRACHIDIA

Professional Experience

Full-stack Developer

Since Oct. 2022

 [SAPILOG](#) -  CASABLANCA

Build and ship new features for a commercial management web app and a mobile ordering app used by internal sales teams and external customers (orders, inventory, full ordering flow).

Technologies: PHP, Java, Dart, Flutter, MySQL, Node.js, jQuery, Bootstrap.

Full-stack Web Developer (Free Internship)

May – Oct. 2022

 [UNIVERS ACIER](#) -  CASABLANCA

Built a web application to centralize HR management (employees, leave, and records), replacing manual tracking with a single streamlined system.

Technologies: Laravel, React.js, Material UI, API REST, JWT.

Full-stack Web Developer (Free Internship)

Feb. – Apr. 2022

 [TABTEL](#) -  CASABLANCA

Developed a dynamic e-commerce website with product catalog, shopping cart, and checkout, focused on a smooth and responsive shopping experience.

Technologies: HTML, CSS, JavaScript, jQuery, Bootstrap, PHP, MySQL.

C# .NET Developer (End-of-Studies Internship)

May – Jun. 2021

 [Court of Appeal](#) -  ERRACHIDIA

Built a desktop application to digitize and manage administrative case files, replacing a paper-based process and speeding up file retrieval.

Technologies: C#, ASP.NET ADO.NET, WinForms, WPF, SQL Server.

- Back-End Development:** Strong command of backend languages and frameworks such as PHP, Laravel, Node.js, Nest.js, Express.js, Java, Spring Boot, C#, ASP.NET Core, and Python. Experience with databases (SQL Server, MySQL, PostgreSQL, Oracle, Firebase, SQLite) and the design of high-performance REST APIs.
- Front-End Development:** Good command of modern web technologies: HTML, CSS, JavaScript, with frameworks and libraries such as Bootstrap, React.js, Angular, Next.js, Material UI, and jQuery. Able to build responsive, modern interfaces tailored to the user experience.
- Mobile Development:** Skills in building cross-platform mobile applications with Flutter and React Native. Experience in native Android development with Java and Kotlin via Android Studio, ensuring performance, smoothness, and a good user experience.
- Problem Solving:** Analytical and methodical approach to identifying, diagnosing, and fixing bugs or anomalies. Ability to optimize performance, improve code quality, and propose technical solutions suited to project constraints.
- Development Tools:** Command of the main development environments and tools such as VS Code, Visual Studio (for ASP.NET), Android Studio (for mobile development with Java, Flutter, or React Native) **and** Git for version control and team collaboration.

Personal Projects

1. [Social Media Marketplace](#) : Next.js, Laravel, MySQL, Tailwind, Shadcn UI.
2. [IPTV & Football Mobile App](#): Version 1 : React Native + Express.js | Version 2 : Flutter + Express.js
3. [Candy Crush Android Game](#): React Native.
4. [Quiz Mobile App \(Android/iOS\)](#): React Native.
5. [Document Management Software](#): C# .NET, WPF, Microsoft Visual Studio.
6. [Movies Website](#): HTML, CSS, JavaScript, jQuery, PHP, MySQL.
7. [3D Games for PC & Mobile](#): Unity, GameMaker Studio, Blender, Mixamo.
8. [Commercial Management Web App](#): PHP, React.js, Ant-Design, MySQL, Bootstrap.
